Sir:

DECLARATION UNDER 37 CFR 1.132

This Declaration forms part of a Response to the Examiner's non-final Office Action dated March 25, 2005, concerning the above identified application and in which claims 1-7 were rejected.

I hereby declare that:

1. My name and title and authorization are as stated below.
2. I understand that this Declaration is intended to overcome a 35 U. S. C. 102(e) rejection of the above identified patent application on the basis that the subject matter of an applied prior art reference (U. S. Patent No. 6,571,934) and the claimed invention were, at the time the invention was made, owned by the same entity or were subject to an obligation of assignment to the same entity.

3. At the time the claimed invention was made, U. S. Patent No. 6,571,934, titled Bi-Directional Magnetic Sample Rack Conveying System, was assigned to Dade Behring Inc., a corporation of Delaware, having a principal place of business at 1717 Deerfield Road, Deerfield, IL. A copy of such assignment, executed by the inventors thereof, on or about November 16, 2001, is attached to this Declaration.

4. The claimed invention, titled Random Access Reagent Delivery System For Use In An Automatic Clinical Analyzer, was made by two employees of said Dade Behring Inc., during the time frame of about 2002, and that their previously executed Employment Agreement required any inventions made during their employment be assigned to said Dade Behring Inc.

5. Shortly after the time the present application was filed on July 18, 2003, the application identified above was assigned to said Dade Behring Inc. by the inventors. A copy of such assignment, executed by the inventors thereof on or about September 3, 2003, is attached to this Declaration.

6. I believe that this Declaration comprises accurate and sufficient evidence that U. S. Patent No. 6,571,934 and the claimed invention were, at the time the invention was made, owned by the same entity or were subject to an obligation of assignment to the same entity.

7. The undersigned (whose title is supplied below) is authorized to act on behalf of the assignee.
